Des emballages
pensés
pour l'avenir

+ Découvrons d'abord Tilton

Les emballages sont indispensables, mais nous avons le choix d'opter pour des solutions à la fois responsables et performantes.

Depuis plus de 40 ans, Tilton s'engage à réduire leur impact, à créer de la valeur pour ses clients, à prolonger la fraîcheur des aliments, et à préserver nos ressources avec soin.

Voilà l'esprit du projet Tilton : un engagement constant, ancré dans le présent et résolument tourné vers l'avenir.

Le meilleur
des talents
humains
et de la
technologie

Notre mission

Cible

Répondre aux exigences des industries agroalimentaires et de la santé par une gamme de produits plus vaste, plus accessible et plus écoresponsable.

Démarche

Adhérer aux plus hautes normes de qualité et exploiter le plein potentiel de l'expertise et du savoir-faire de notre équipe.

Approche

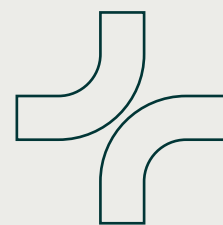

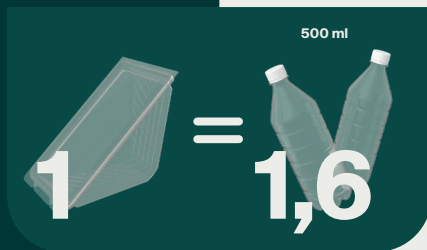

Maintenir une relation de confiance avec nos clients et nos fournisseurs, être attentif à leurs besoins et faire appel à la créativité de notre personnel pour développer les meilleurs produits.

✚ Notre seconde nature

Récupérer la matière.
Lui redonner vie.
La remettre en circulation.
Et recommencer.

17 millions
de bouteilles d'eau
sont recyclées
chaque année
grâce à la
production du
contenant
sandwich
R-710.

Chaque action
que nous
entreprenons vise
à réduire notre
empreinte
environnementale.

**Fièrement
Canadiens.**

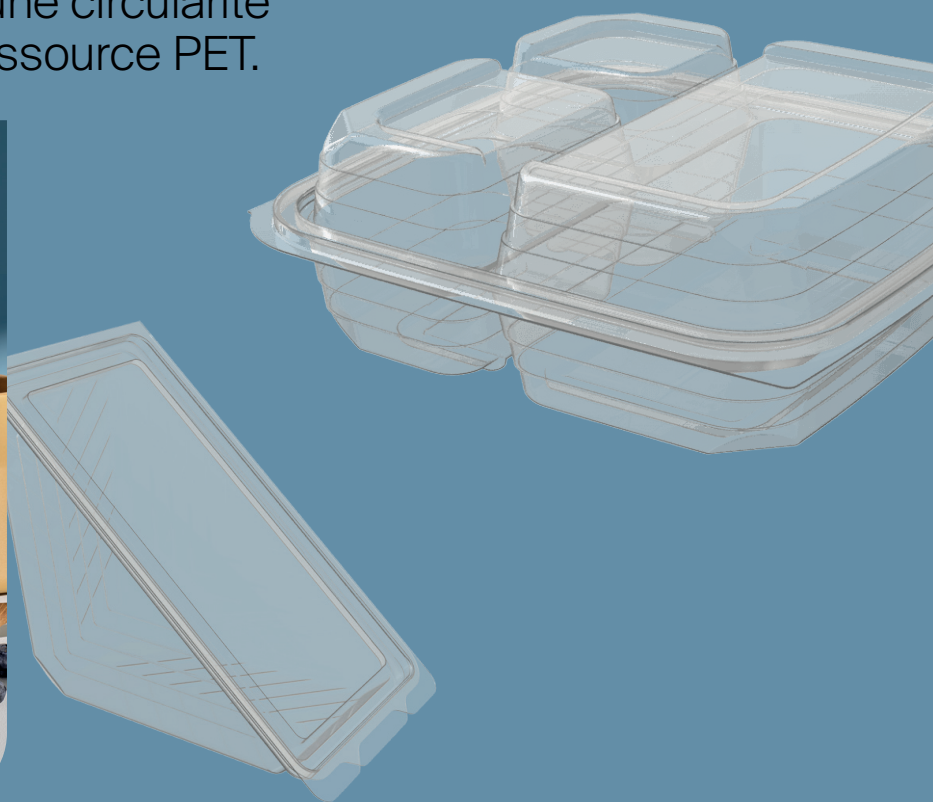

**De la matière
première,
au produit
fini.**

**Chaque étape
de notre
processus de
fabrication est
fièrement
réalisée au
Canada.**

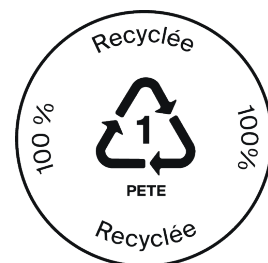

100 % recyclé

La gamme Repost illustre les bienfaits de l'économie circulaire. Fabriquées à 100 % de plastique recyclé post-consommation provenant de centres de tri, ces emballages démontrent une circularité complète en revalorisant la ressource PET.
