But first... let's discover Tilton

We can't do without packaging, but we can offer ourselves the best possible packaging.
For more than 40 years, we've been working to reduce the impact of packaging, creating value for our customers, extending the life of food and ensuring that our resources are used wisely.
This is the Tilton project.
Rooted firmly in our daily lives while looking to future generations.

the best
human
talent
and
technology

Our mission

Target

To meet the requirements of the food and health industries with a range of innovative, high-performance and more ecoresponsible products.

Process

To adhere to the highest quality standards and take advantage of the full potential of our team's expertise and know-how.

Approach

To maintain a relationship of trust with our customers and suppliers, remain attentive to their needs and use the creativity of our staff to develop the best products.

+ Our second nature

Recovering
the material.
Giving it a new life.
Putting it back into
circulation.
Starting again.

17 million bottles
of water are
recycled
annually with
the production
of the R-710
sandwich
container.

Every action
we take is geared
towards
reducing our
environmental
footprint.

**Proudly
Canadian.**

**From the
ressource,
to the end
product.**

**Everything
from our
manufacturing
process
is proudly
made in
Canada.**

From freezer to oven

The Forno range, which is made of CPET, is the use of choice for prepared meals because of its superior functional properties. This packaging combines food safety and circularity.
